Comments:

- Support follow through on youth/family voice
- Unsure, I have not heard a recent update on issue progress

## 12. What is working?

- The NE FYSPRT is very welcoming and encourages participation and feedback
- Time of day of the meeting
- Dissemination of information
- Open discussions
- Agenda
- Agency partners with important updates
- FYSPRT members do a great job of initiating and expressing appreciation for input from families, youth, and system partners
- Talking about and communicating that the issues in the community are being solved
- System partner voice
- Big attendance for system partners
- System partners working together
- Space, environment, sense of community
- The location and room were non-painful, as well as easily accessible

## 13. What could we do better?

- Bringing in families
- More youth voice
- State goals of FYSPRT regularly
- Check in regarding progress on goals
- We need more youth and families to be a part of NE FYSPRT. We need to dive deep to what are the barriers keeping them from coming
- Try small groups break out discussions
- Schedule an evening and/or weekend FYSPRT to increase client system involvement
- Nothing
- Youth listened to
- Different time for NE FYSPRT
- Include more youth/family voice and follow through when they provide feedback
- Family/youth involvement not always welcome. Feels like when concerns are brought up, responses feel conflictual/defensive. This does not elicit contributions from those in attendance.
- More youth and family voice. Youth or families rarely attend FYSPT compared to other counties.
- A more flexible time for youth and families
- Meeting times is restrictive for many youth and parents
- Better opportunity for rural/youth participation.
- Phone is nice but video and screen options are more engaging

14. Thoughts/items for next meeting and/or agenda:

- Safe Families/PCCA
- Respite care
- Resources and services to support families in the wake of respite care ending 12/31/19
- School systems – how they help kids and youth with mental health or barriers to learning
- Have youth present as expert voice
- Feels very uniform. Not a very relaxed feel for families and youth. I can see efforts in this direction to make change
- The effect of bill 1879
- Email group of names/contacts/participants – maybe via list serv?
